REMARKS

This year we are moving our entire Nursery plant. We have located on 56 acres of ideal land 1 mile east of Aurora. Last Spring we lined out about 9 acres of Shrubs and Perennials. This Fall and the coming Spring, we shall plant about 20 acres. Our new location is as good as can be found anywhere, and on this farm we shall endeavor to produce only the highest type of Shrubs and Perennials. Peonies especially. We invite your continued confidence. Thanking you for all past favors.
